

Vanguard ID Systems

RFID offers the ultimate in convenience, ease of use and functionality. Vanguard ID Systems is a premiere manufacturer of custom-made RFID cards, key tags, labels and bands in a variety of shapes and sizes. Our RFID products can also incorporate a bar code and/or magnetic stripe for maximum ease and flexibility for the end user.

We have manufactured RFID products since 1996. All of our products are custom made and individually tested to ensure the highest quality. Our RFID products are available in a variety of configurations, shapes, and sizes. They can easily be combined with either a magnetic stripe or a bar code, making it easy to transition from those existing systems to the latest RFID technology.
